

Integrating the Monorail

STATION AREA ASSESSMENTS

What role should the station play in the Delridge community?

What should the character and density of the station area be?

How can the station relate to nearby communities such as Alki, Admiral, South Delridge and White Center?

Should the existing retail node become a stronger concentration of businesses? How can this retail area be better connected to the station?

How can the station serve as a gateway to the Delridge neighborhood? To West Seattle?

How can station area planning support the environment of Longfellow Creek? How can any impacts be mitigated?

How can the station area be made safer for pedestrians?
